

CREE LED SOLUTION PROVIDER PROGRAM DISCLAIMER

Cree does not endorse products, software or services offered by third party vendors participating in the Cree LED Solution Provider Program, nor is Cree responsible for agreements entered into between Cree's customers and such vendors or for resolving disputes arising between such parties. Inclusion of a product, software or service in the program is not a guarantee of quality from Cree.

A vendor's participation in the Cree LED Solution Provider Program does not constitute or create a contract or agent relationship between the vendor and Cree. Vendor participation does not create any legal duty or liability on the part of Cree for any actions of the vendor.

Cree makes no representation or warranty regarding the actual or potential infringement of patents, trade secrets, copyrights or other intellectual property rights of third parties, and customers and potential customers acknowledge that the avoidance of such infringement in the use of third party products, software and/or services with Cree products is and shall remain the responsibility of the customer.

Furthermore, the promotion of a vendor's products, software or services under the Cree LED Solution Provider Program does not convey upon customers any express or implied license under any patent, copyright, trademark or other proprietary rights owned or controlled by Cree, whether relating to the Cree products or any manufacturing process or other matter. All rights under any such patent, copyright, trademark or other proprietary rights are expressly reserved by Cree.

Specific products, software and services offered, vendor participation, or the Cree LED Solution Member Program itself may be cancelled at anytime without advance notice

Module Driver Customers Please Note: Inclusion of third party driver products in the Cree LED Solution Provider Program, or use of the Cree LED Solution Provider logo in connection with such third party driver products, does not ensure that such products are "Compatible Drivers" for Cree module products, as that term is used in the Cree Module Driver Compatibility Program. Please refer to the Cree Module Driver Compatibility Program web page to determine whether any third party driver product is in fact a Compatible Driver.

Cree sites contain links to third party web sites ("Linked Sites"). The Linked Sites are not under the control of Cree, and Cree is not responsible or liable for the content of any Linked Site, including, without limitation, any link contained in a Linked Site, or any changes or updates to a Linked Site.

Cree is not responsible or liable for web-casting or any other form of transmission received from any Linked Site nor is Cree responsible or liable if the Linked Site is not working appropriately. Cree is providing these links to the user only as a convenience, and the inclusion of any link does not imply endorsement by Cree of the site or any association with its operators. The user is responsible for viewing and abiding by the privacy statements and terms of use posted at the Linked Sites.
