

Dear Valued Supplier:

Cree has implemented an electronic purchase order supply management program called Oracle iSupplier Portal.

- iSupplier is a secured Oracle ERP web-based, front-end portal, enabling Cree's suppliers to collaborate with Cree's Purchasing department by way of the internet within the PO acknowledgement process.
The Oracle iSupplier process uses a completely secured, password protected, electronic interface. By using electronic processing, purchasing documents, receiving, and invoicing information can be easily and accurately communicated to any registered iSupplier user in real time.
It eliminates the issue of lost purchase orders sent via emails that are not being successfully transmitted to, or received by suppliers (sometimes POs drop into the Junk/SPAM folder and get lost there). Electronic data concerning new POs, change order requests, etc. is instantaneously available within each Supplier's secured home page.
No special software needed to access this system. iSupplier works in most current web browsers such as Internet Explorer or Google Chrome.
Your Cree Buyer will be able to help with most questions. The Buyer's contact name will be on your Cree purchase orders.
If you would like to register as an iSupplier user, please see the next page for the registration form. Fill it out and send it in to your Buyer who can set you up.

Regards,
Cree Purchasing Team

Cree iSupplier Portal Registration Form

An iSupplier User is the contact person responsible for the receipt and confirmation of Cree POs.

NOTE – If a Supplier has multiple people responsible for acknowledging Cree POs, then each User should have their own login to iSupplier. Please complete this form for each User with the requested information or provide the information directly to your Buyer in an email.

User’s Email Address

- ❖ This is the address where all Cree PO notifications will be sent.
- ❖ The email address is the Username for logging into the iSupplier portal.

User’s First Name

User’s Last Name

Telephone Number

Please send this information to your Cree Buyer.

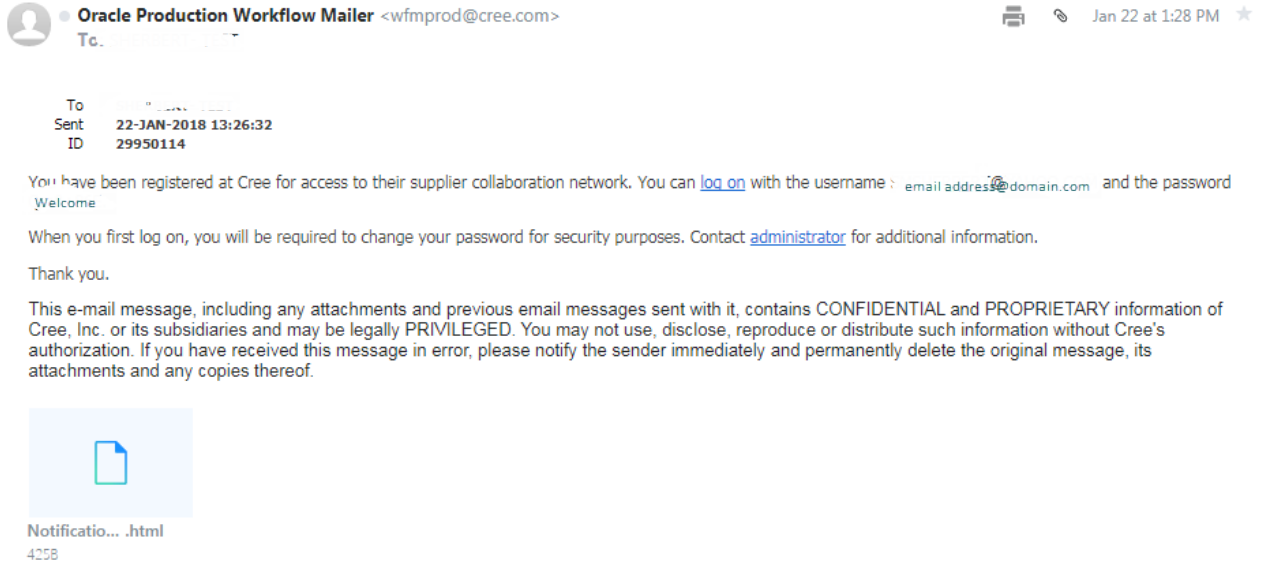

Thanks for supporting Cree in this crucial step in our continuous improvement process.

REGISTRATION CONFIRMATION

Upon successful iSupplier registration, supplier Users will receive an email detailing their iSupplier User Name, encrypted iSupplier password, and the URL to access the iSupplier portal.

Login to the Cree iSupplier system by clicking the 'log on' hyperlink in the body of the email.

The initial iSupplier password must be used for your first log-on occurrence to the Cree iSupplier portal. All Users should immediately change this to a new password of their choice.

Reach out to your Cree Buyer for a copy of the current revision of CPR6.32 iSupplier Instructions for Suppliers.
